

ISAF Sailor Classification Required for J/109 North Americans

To assure that crews entered in the J/109 North Americans meet the classification requirements under J/109 Class Rules 2.2 and 2.3, all crew members must obtain an International Sailing Federation Classification which is free and on-line. It takes several days to obtain a classification, *so apply SOON!*

To apply for a Classification you must first register on the ISAF Sailor site (<http://www.sailing.org/isafsailor/register.asp>). Click on 'New Sailor Registration'. At the bottom of the registration form, click on the link to the 'Sailors' Classification' under the ISAF Sailor Services. Complete the classification form – that's it.
