Swan 42 Characteristics – In 2012 the Swan 42 Class joined forces with NYYC to produce the NYYC Swan 42 One-Design video. The video outlines the performance characteristics of the Swan 42 and includes sailing techniques and tips. It is 12 minutes in length and serves as a great prep for the Invitational Cup. The video can be found on YouTube, and we have also imbedded the link on the IC Competitor Information page on the NYYC website, and below...

SWAN 42 TRAINING VIDEO

We have also included a letter from Peter McCloskey, a former employee of Nautor's Swan, which goes hand-in-hand with the video and documents the lessons learned in written form.
